EVILS OF EXPANSION.

They Are Summed Up at the Liberal Congress.

A CHANCE TO IMPERIALISM

Such a Step Would Mean to Uncle Sam, and Pursuits of War Take the Place of Pursuits of Peace.

Jordan's Address.

Omaha, Oct. 21.—A bold and uncompromising argument against imperialism was made by President David Starr Jordan at the session of the liberal congress of religions and it was listened to by a crowded church.

Summed up, it was to the effect that a policy of expansion would make incumbent upon this country an expensive colonial system with all that implies a costly army and navy; that our government system would have to be largely changed from American republicanism to British imperialism; that pursuits of war would take the place of the pursuits of peace; that it is not suited to this country; that the effects of living in the tropics is to degenerate the Anglo-Saxon character; that a better way is to preserve the friendship between this country and Great Britain and finally, that this nation stands for an ideal of individual citizenship, which is a higher purpose for humanity than national aggrandizement.

COLONEL BRYAN

Declines to Testify Before the War Investigating Commission.

Jacksonville, Fla., Oct. 21.—Colonel Taylor of the Fourth Virginia regiment testified before the war investigating commission. He said he had no complaint whatever to make concerning any department of the government and that he knew of no case of wilful neglect.

Lieutenant Morrow, acting commissary of the Third Nebraska, Colonel Bryan's regiment, testified to the generally good character of the commissary supplies.

Colonel W. J. Bryan was next called. He asked to be excused from testifying, requesting that his lieutenant colonel be examined in his stead. "You will, I have no doubt, understand my reasons for the request," he said.

"I think the request very proper and reasonable," responded Governor Beaver, and as the entire commission assented to the concession, Colonel Bryan was excused with the request to send up his lieutenant colonel.

W. T. Durbin of the One Hundred and Sixty-first Indiana said there were few complaints from his men and that they were generally trivial. There had, however, been a vast improvement since Dr. Clendennin had succeeded Dr. Jesurum of the Rough Riders.

Dr. Alexander Kent, pastor of the People's church at Washington, and field agent at Jacksonville for the Red Cross, was questioned concerning the operations of the Red Cross at this point. He had noticed the absence of sheets and pillow cases at the Second division hospital in its early history. He supplied the deficiency. There was also at that time a shortage of tents and food suitable to typhoid fever patients. He had undertaken to supply the deficiency and had distributed two carloads of the necessary delicacies.

Cable Message From Otis.

Washington, Oct. 21.—The war department posted the following bulletin: "General Otis cabled the war department that the situation in Luzon was somewhat improved. The influence of Philippines of education and property not desiring independent government, but hostile to Spain, is gaining ascendancy in revolutionary councils. I am promising nothing, but enforcing the law. Complications seriously affect interisland commerce and diminish revenue. Affairs progressing favorably, though sick report increasing, owing mostly to carelessness of enlisted men. Health of officers good. Condition of city and facilities for quartering troops improving. Fever decreasing. Smallpox apparently arrested. During the month 28 deaths, of which eight were smallpox and eight typhoid fever, malarial and intestinal complaints; three accidental."

Naval Battle a Myth.

Washington, Oct. 21.—The sensational Spanish report of a naval battle between Admiral Dewey's vessel and the insurgent navy in the Philippines is received with absolute incredulity in both the navy and war departments. If there has been any recent action, Admiral Dewey has failed to mention it and neither General Otis nor United States Consul Wildman have regarded it as worthy of notice.

Going to Philadelphia.

New York, Oct. 21.—The battleship Texas passed out Sandy Hook at 8:25 a. m. for Philadelphia. She is to take part in the peace jubilee there and then go into dry dock to prepare for her long voyage to Manilla. It is ex-

pected she will be ready to go to Manilla in about six weeks.

Ohio's Governor at Camp Poland.

Knoxville, Oct. 21.—Governor Bushnell of Ohio arrived for the purpose of inspecting the Second and Sixth Ohio at Camp Poland. The eight regiments now at camp paraded as a part of the Knoxville carnival celebration, and were reviewed by General McKee and Governor Bushnell.

No Tropical Jungle.

Jacksonville, Fla., Oct. 21.—General J. O. Wilson and Captain Howell, constituting the subcommittee appointed to visit and report upon the condition of the camp at Fernandina, made their report to the full commission. The following is the important part of the document: "We carefully examined the site of the camp of the Third Pennsylvania volunteers, which it has been reported was a tropical jungle on worthless land until cleared, and upon clearing which the troops are said to have worked like slaves until it was fit for a camp site. While your committee can not state the condition of the land when the troops arrived, it found no appearance of a tropical jungle."

Ohio Mastering Officers.

Washington, Oct. 21.—Captain Lyman W. V. Kennon, Sixth infantry, has been made chief mustering officer of Ohio with the following assistants: Captain Joseph B. Bachelor, Jr., Twenty-fourth infantry; First Lieutenants Harry R. Lee, Sixth infantry; Melvin W. Rowell, Fifth cavalry; James J. Hornbrook, Fifth cavalry; David P. Cordray, Seventeenth infantry; Harrison J. Price, Twenty-fourth infantry; Second Lieutenant Charles D. Roberts, Seventeenth infantry.

Requests For Discharge.

Havana, Oct. 21.—The American military commission has been informed that a great number of discharges have been asked for by Spanish soldiers and officers since the publication of Captain General Blanco's decree announcing that such applications would be granted. The total number of Spanish soldiers who have made application for absolute discharge from the army before the final evacuation takes place is now estimated at 15,000.

Conditions at Manilla.

Washington, Oct. 21.—General Otis has cabled the war department quite a long dispatch regarding the conditions in Manilla and the Philippines. The dispatch contains matters which bear on the negotiations pending in Paris, and will be cabled to the United States peace commissioners. The dispatch says the situation at Manilla has improved and General Otis says he does not anticipate any trouble with the insurgents.

On to Atlanta.

Jacksonville, Fla., Oct. 21.—The war investigating commission concluded its labors at Jacksonville and left for Atlanta, expecting to take up business there. The commission has spent four days in Jacksonville. This being the first of the camps to be visited, it has been awarded somewhat more of time than will be given to other points with the possible exception of Chickamauga.

Under the New Regime.

San Juan, Porto Rico, Oct. 21.—The city remains orderly and all is quiet elsewhere. Major General Brooke is installed in the palace and Brigadier General Henry remains as commander of the district of Ponce. General Grant has been appointed commander of the district of San Juan.

Sentence Approved.

Washington, Oct. 21.—Secretary Long has approved the findings of the court which tried and sentenced Captain J. P. McIntyre to dismissal from the naval service for criticisms he made of Admiral Sampson and Captain Evans.

At Their Posts.

Havana, Oct. 21.—Captain Hosmer and Major Page of the quartermaster's department of the United States army went to the posts assigned to them, respectively, Matanzas and Nuevitas.

A Brigadier General Dies.

Washington, Oct. 21.—Brigadier General Joseph Roberts, 84, is dead at his home here.

Don't Want to Fight England.

Paris, Oct. 21.—The drift of opinion on the Fashoda question among commercial men in Paris was shown by a resolution adopted by the municipal council of this city urging the French government, without sacrificing the material interests of the country, to use its utmost efforts to avert a conflict with Great Britain over this dispute.

Lost Their Diamonds.

Washington, Oct. 21.—News leaked out of daring robbery at the Arlington hotel several days ago by which ex-Governor Bullock of Georgia and his wife lost diamonds and jewelry valued at several thousand dollars. The police have been quietly at work on the affair, but thus far without result.

BOILER TUBES BURST.

Distressing Accident on Board a Torpedo Boat.

THREE OF THE CREW KILLED

Official Trial Trip of the Davis Results in the Fatal and Severe Scalding of Eight of Uncle Sam's Gallant Jack Tar.

Astoria, Ore., Oct. 21.—The torpedo boat Davis, which started on its official trial trip, was disabled by the bursting of a number of boiler tubes. Eight of the crew were badly scalded and three of them died soon after reaching here.

The dead: C. McNeely, P. Luithle, H. Wood.

The seriously injured are: W. Woods, B. Ryan, A. Johnson, A. Buehl.

DECLARED OFF.

Result of a Meeting of the Striking Wiredrawers at Cleveland.

Cleveland, Oct. 21.—By a unanimous vote at a meeting of the striking wire drawlers the strike was declared off.

Half an hour later, National Secretary Walter Gillette and local officers of the wire workers union, with about 40 of the strikers, marched to the office of the American Steel and Wire company and announced the fact. After a brief conference Superintendent Nye was called in. He announced that all the old employees who desired to return to work could do so as far as there were vacancies. This will provide places for all but a few of the strikers.

A. E. Cliff has shown marked ability as president of the union in conducting the strike and has endeavored to have the men preserve order, so when Superintendent Nye announced that Cliff would be made foreman of one of the shops, a cheer went up and a long step was taken in healing the soreness caused by the contest.

Want the French Removed.

St. Johns, N. F., Oct. 21.—Admiral Erskine and Sir John Bramston, the royal commission now inquiring into the French shore question, are holding daily conferences with the colonial cabinet with a view to arranging a basis of negotiation with France for a settlement of the issues involved. The ministry favors absolute removal of the French from Newfoundland soil, or some interpretation of treaties which will prevent the few French fishermen now visiting the coast from interfering with the development of that large and valuable section of Newfoundland's coast line.

Site For Lafayette's Monument.

Paris, Oct. 21.—At the meeting of the municipal council of Paris the president of the council read a letter from F. W. Peck, United States commissioner to the Paris exposition of 1900, asking on behalf of the Lafayette monument committee a site in the exposition grounds for the proposed statue to Lafayette. The president thanked the United States for "this evidence of sympathy and republican brotherhood," and said he had forwarded the request to the exposition commissioners with a recommendation that it be granted.

Columbus the Favorite.

St. Louis, Oct. 21.—At the session of the Fire Chiefs' international convention, William McDevitt, inspector of the insurance patrol, Philadelphia, spoke on "The Inflammable and Explosive Properties of Smoke." He made his remarks clear by a series of demonstrations. Foremost among the important questions to be considered is that of choosing the next convention city. The race is between Columbus, O., and Syracuse, N. Y., with chances largely in favor of the former.

Chance For Speculators.

New York, Oct. 21.—Under orders of the court Receivers Oliver W. Mink and Thomas P. Wilson will on Oct. 26 sell \$50,000 Union Pacific Coal company first mortgage bonds (upset price \$50,000); the aim of the Oregon Short Line and Utah Northern Railway company (upset price \$280,923); the rights of the Union Pacific railway to \$22,900 stock of the Boise City Railway and Terminal company, together with its claim against the latter company (upset price \$68,233).

Strike Averted.

St. Louis, Oct. 21.—It was learned that a strike of engineers and conductors on the Missouri, Kansas and Texas railroad, over the question of reinstating three discharged conductors, has been averted, the company agreeing to take back two of the men.

Bucksfoot Wins.

London, Oct. 21.—At the first day's racing of the Sandown Park club's autumn meeting H. E. Beddington's 4-year-old chestnut colt Bucksfoot won the Hermitage plate.

RAILROAD EMPLOYEES

Close the Peace Jubilee With a Reception to the President.

Chicago, Oct. 21.—The weather for the last day of Chicago's peace jubilee was even worse, if possible, than that of the preceding three days. Rain fell fitfully and a cold breeze blew constantly.

Preceding the railroad employees' reception President McKinley spent the time quietly at the home of Captain McWilliams, receiving only a few callers. At 1:30 p. m. the president was driven to the First Regiment armory, where, together with Mayor Harrison, he was received by a large gathering of railroad employees.

After the reception the president addressed the railroad men, eliciting from them the warmest applause. The railroad reception at the armory was President McKinley's last public appearance in Chicago during the jubilee.

An informal reception for the railway men was held by the president after the addresses. Mr. McKinley was stationed in an enclosure on the first balcony above the entrance, where the railway men filed by singly. As they came up to the president one by one they extended their hands. The president grasped each hand held out to him. The presidential party left Chicago for Columbus, O.

Czar Congratulated.

Washington, Oct. 21.—At the meeting of the house of deputies of the Episcopal convention a letter to the czar of Russia was agreed upon, endorsing his peace manifesto. The resolution aroused spirited controversy.

Mr. J. H. Stotsenburg of Indiana urged in vigorous tones that the resolution had no place before a church convention, but was political in character and was more proper for the consideration of congress. When Mr. Stotsenburg moved to table the resolution there were many murmurs of "no," "no," and the motion to table was lost. The resolution was adopted by a viva voce vote.

War Talk at Paris.

Paris, Oct. 21.—The alleged war preparations of France are the absorbing subject of discussion here at present. According to the French papers, there were important naval experiments at Toulon. A flotilla of torpedo boats was detailed to make an endeavor to force the entrance of the harbor and the whole garrison was called to arms and the forts and batteries were manned, ready for instant action. Vice Admiral Barrera presided at a secret council of war at Brest, in which the chiefs of the maritime forces took part. Confidential orders were subsequently issued to the garrison.

Luther League Officers.

New York, Oct. 21.—At the meeting of the Luther league officers were elected for the current year as follows: President, C. F. Eller, New York; grand secretary, M. C. Olsen, Chicago; assistant general secretaries, C. C. Grauer, Buffalo, N. Y., and George M. Jones, Reading, Pa.; treasurer, Cornelius Eckhardt, Washington; literary secretary, Rev. Charles L. Frey, Lancaster, Pa.; assistant literary secretary, Rev. G. H. Schmire of Ohio.

Private Phelps Discharged.

Lexington, Ky., Oct. 21.—Private John Phelps of the Second Missouri was dishonorably discharged from the volunteer army for a repetition of insubordination. He was placed in front of his company and his degradation took place before a crowd. He is a son of ex-Governor J. S. Phelps of Springfield, Mo.

Will Be Cremated.

London, Oct. 21.—The remains of Harold Frederic, the newspaper correspondent and author, will be cremated at Woking cemetery. It has been learned that Mr. Frederic had been in the hands of Christian Scientists, and that a doctor was only summoned to attend him a few days ago.

Arrest of a Russian Officer.

Vancouver, B. C., Oct. 21.—Ivan Kraus, an officer of the Russian army at Port Arthur, China, who arrived here on board the Empress of Japan as a stowaway, has been arrested. Kraus was discovered making maps and plans of the fortifications at Port Arthur and fled.

Date of Sale.

New York, Oct. 21.—Announcement was made of the date for the foreclosure of the Union Pacific, Denver and Gulf and the Denver, Texas and Fort Worth railroads at Pueblo, Colo., on Nov. 19 next. The first parcel to be sold consists of the Denver, Texas and Gulf property.

Decline to Run.

Denver, Oct. 21.—Secretary of State Whipple received official documents from the candidates declining to run on the Broad Silver Republican ticket: Simon Guggenheim, for governor; Ira J. Bloomfield, for lieutenant governor; Herschel M. Hogg, for attorney general, and James S. Durnell, for regent of the State university. It is probable vacancies will be filled within a few days.

EXAMINERS AT WORK

Investigating Affairs of German National Bank.

TO BE SIFTED TO BOTTOM.

More Light Thrown on Indebtedness of the President—Cashier and Many Prominent People Mixed Up in the Failure.

Pittsburg, Oct. 21.—The crowds that surrounded the German National bank the past few days were not in evidence Friday.

Colonel High Young, the United States bank examiner, is still at work on the investigation of the bank's actual condition and does not expect to be able to make a detailed report to the comptroller at Washington before next Tuesday or Wednesday. Acting President Myers said that no thought of prosecutions on account of alleged irregularities had presented itself in the investigation thus far. Whether the future developments in the examination would lead to any action he was unable to say. President Groesinger's indebtedness, he said, was secured by mortgages on the two Allegheny tanneries and was sufficient to protect the institution. Continuing he said:

"Cashier Burgdorf, we found, was involved on paper paid by the bank with other prominent local people. I do not care to give the names of the persons, nor state that nature of the paper. Nevertheless, Mr. Burgdorf's account will not amount to over \$100,000. The bank is entirely solvent and all accounts will be paid in full as soon as the outstanding paper can be converted into cash."

J. D. Brown, one of the attorneys for the bank, said that enough funds were in sight to declare a 20 per cent dividend next week, and he thinks the liquidation committee will order this paid. It is Mr. Brown's opinion that not many months will be required to wind up the affairs of the bank, so far as the depositors are concerned.

Vice President Lyman and Solicitor Stone, of the Chicago Title and Trust company are in the city making an investigation to determine whether the Munson Belling company shall be continued

of Boyd County.

For Kentucky, fair in western part; rain, followed by fair and cooler in eastern portions; warmer in extreme western portions; west to northwest winds.

JOHN WANAMAKER is evidently disgusted with politics. He says:

"I have been a Republican since 1860, but my party stinks in the nostrils of decent men. If the people are willing to uphold such corruption as many of the leaders practice, and condone their dishonesty, God help the country."

JUDGE PUGH is running about over the district frantically appealing to the people to vote for "me" and endorse the administration's conduct of the war. That's a very poor way to endorse the administration. And then the Judge is thinking vastly more of himself than anything else, or anyone else.

THE PRESIDENT'S GOOD ADVICE.

"While awaiting the settlement of the war and meeting the problems which will follow, we must stand as one man, not in the spirit of party, but united in a common effort for that which will give to the nation its widest influence in its sphere of activity and usefulness to which the war has assigned it."—President McKinley at St. Louis.

"What a rebuke is this," says the Enquirer, "to those small souls who hoarsely clamor for votes for the Republican party as a reward for the triumph of our army and navy in the war with Spain. 'Not in the spirit of party,' says President McKinley, the Constitutional Commander in Chief of the army and navy, and not in the spirit of party, responds every patriotic American without regard to his political affiliations. Stand by the country, and vote for the candidates of your choice. This is an American war, and the country's cause will be endorsed by both parties at the polls. So it cannot make the least difference so far as sustaining the Government is concerned, whether one votes the Democratic or the Republican ticket. Two war parties and no peace party until the enemy submits to the terms of peace demanded by the conqueror. The President deprecates any attempt to turn the patriotism of the people to the advantage of any party."

SENATOR LINDSAY'S VIEWS.

He Believes the Democrats Have a Chance to Get Control of the Next Congress.

FRANKFORT, KY., October 19.—Senator Lindsay, talking on the political situation to-day, said that he thinks the political complexion of the next Congress is in doubt, but that the Democrats have a chance to control it.

He expects the Democrats will make appreciable gains in Pennsylvania, as well as in New York. He says Roosevelt will not be able to poll the full Republican vote, and that Van Wyck's chances seem to be excellent.

STAPP-MANNEN NUPTIALS.

Brilliant Wedding at Covington Wednesday Evening—The Lovely Bride Well Known in Maysville.

[Cincinnati Enquirer.]

One of the most brilliant weddings of this season in Covington, Ky., was celebrated with due ceremony Wednesday evening at the First Presbyterian Church in that city. As "Old Trinity" is undergoing repairs, the Presbyterian Church was offered to the bride, who is an Episcopalian, and the marriage ceremony of Miss Mattie Lee Mannen, daughter of the late Lee Mannen, and Mr. Darwin Massie Stapp, of Mexico, was performed by Rev. Mr. Coupland, rector of St. John's P. E. Church.

The bride has been a reigning Kentucky belle, and is a young woman of great beauty. She was regal in her Empire gown of white satin, low corsage, with a bertha of duchess lace. A soft tulle veil, not very full, fell over her classic face, and the rich gown entrained a dignified, but evident feeling.

The church was beautifully decorated by a florist, but the prie-dieu was arranged by friends with unusual taste. The organist, Miss Mary T. Hall, an intimate friend of the bride, played a number of selections before the entrance of the bridal party. The maid of honor was the talented daughter of the late Judge Arthur.

The attendants were brilliant young matrons of the social world, the bride having officiated as maid of honor for them at their marriages. They were Mrs. Barker, formerly Virginia McGraw, of Louisville, and Mrs. Barbour, formerly Miss Forman, of Maysville. They were all gowned alike with white organdie and pink trimmings; both are noted for their personal charms.

The ushers were prominent society men—Messrs. Will Hays, Dr. Kearns, Jr., Richard Ransom, Joe Creaghhead, Lewis Matthews, George Bruce Barker, of Louisville.

The groom is a prominent railroad man in the South, and a cultivated gentleman. His brother, Mr. Jacques Pierre Duval, of the City of Mexico, was best man. A reception was held at the home of the bride, and friends in large number attended.

Among them were Mrs. W. G. Morris, aunt of the bride, in a rich costume of royal velvet and lavender silk; Mrs. Judge Halsey, Lexington, aunt of the bride, black satin lavender and chiffon effects; Mrs. Dr. Dudley Reynolds, in her gorgeous wedding gown; Mrs. Chas. Morse, Riverside, black silk, with pink silk corsage, and with a relief of black lace; Mrs. George Bruce in a lovely evening toilet; Colonel Sam Morse and his lovely young daughter, Julia May, the latter in white organdie and pink trimmings; Mrs. Fritz Cochran was beautiful in white organdie and blue trimmings; Miss Timberlake, of Louisville, in an elegant gown of lavender silk, one of the most stylish costumes. Other guests: Messrs. Dr. Pretlow, Frank Prague, Henry Queen, George Fox Cross, Ernst Semple, Alexander of Canada, Sprig Brent, Claude Black, Charles Reynolds, Mauser, Underwood, Queen and others.

THOMAS M. CONWAY.

A Well Known Member of Cincinnati Bar Dies From the Effects of a Surgical Operation.

Mention was made a few days ago of the fact that Mr. Thomas M. Conway, a former well known and popular resident of Maysville, had been compelled to have one of his legs amputated between the knee and hip. Thursday's Cincinnati Enquirer brought the sad news of his death, as a result of the operation.

The Enquirer says that he had been a sufferer from an affection of the veins of his leg, and the physician told him an operation was his only salvation. Mr. Conway rallied from the shock of the surgeon's work, and for a day or two seemed in a fair way to recover, but a relapse came and he succumbed.

The deceased was about forty-five years old, and had practiced law in Cincinnati for a number of years, going from Maysville to that city. He was unmarried, having made his home with his sisters on Walnut Hills.

Deceased during his residence in Maysville was a salesman for the drygoods firm of Mullins & Hunt. He was a writer of ability also, possessing marked literary talents, and contributed many short poems to the BULLETIN. Of handsome appearance and genial qualities, he made many warm friends who learn with sincere sorrow of his death.

The funeral occurred this morning at 8 o'clock, with requiem mass at the Church of the Assumption, Walnut Hills, Cincinnati.

The Post says deceased came from a prominent Catholic family in Ireland, where his uncle is a Bishop and his sister a nun, while a blood relation is a Cardinal. The accident causing the amputation and his death was by a fall from a street car.

A DISPATCH from Frankfort says that in the event of the election of Roosevelt as Governor of New York, a Kentuckian will be one of the guiding stars of his administration. This is John R. THE first of the new crop of tobacco that has made its appearance on the Cincinnati breaks was sold at the Farmers' and Shippers' Warehouse Wednesday. A crop lot of four hogsheads belonging to John Brown, of Gallia County, Ohio, brought \$3.95, \$6.15, \$7, \$9, and Messrs. Ford and Abner, of Paris, Ky., a crop lot of four hogsheads at \$4, \$4.65, \$6.30, \$6.50. Some was fairly good tobacco, but all showed more or less house burn. There was considerable interest shown in the sale, everyone wanting to see the quality and price paid for the first shipment.

HANDKERCHIEFS

Initial Handkerchiefs have a certain usefulness for us all—they are a safeguard against loss. This lot of Men's Japonette Handkerchiefs have handsomely embroidered silk initials, while the material feels and looks like lustreless silk and is daintily hemstitched. You will find them novel—different, delightfully new in ideas and attractiveness. Not only that, but astonishingly cheap. They are marked at 15c. Friday we will sell three for 25c. Anybody who doesn't put a valuation twice as much as our price on these Handkerchiefs must have a very miserly conception of the value of labor and materials.

PROTECT THE QUAIL.

Move in Central Kentucky Among Farmers and Sportsmen to Stop Hunting Partridges Until Next Year.

WINCHESTER, KY., October 19.—A movement has been started here which will deprive the local nimrods of their favorite sport for one year, and if the agreements now in circulation in other counties find as many substantial signers as the one in this county has, there will be little or no quail hunting in old Kentucky until November, 1899.

This effort is one for the protection of partridge, which have been growing scarcer and scarcer in the Bluegrass counties until there is little of this popular game for milord's game bag, when he has a particularly lucky day in the field and glen.

Realizing the rapid extermination of the birds, and hoping to prevent this, a number of gentlemen in this city and county have drawn up and secured the signatures of the leading farmers and sportsmen of the county to the following iron-clad agreement:

In view of the fact that partridges are becoming very scarce in Clark County, Ky., and in order to give the few that remain an opportunity to multiply and increase in numbers, we, the undersigned citizens of Clark County, Ky., hereby agree not to kill, catch or entrap any partridges on our places, or on the places of other persons, and further agree not to suffer any person or persons to kill, catch or entrap partridges on our places, until after November 15, 1899. This agreement holds good both for killing ourselves or suffering others to kill on our places until after November 15, 1899.

To this are appended the names of 186 hunters and landowners, and probably two hundred more have assented orally to the agreement.

It is understood that leading spirits in two or three nearby counties will also oblige themselves not to hunt or allow to hunt quail in accordance with a similar contract, and the movement will spread to several other popular hunting grounds in different sections of the State owing to the scarcity of the formerly plentiful Bob Whites.

A business man is not the most patient creature in the world. He cannot wait to hear any long-drawn-out story of the cause of his ailment. He doesn't care two straws about a fine spun theory of how he should treat himself. He may be predisposed to scrofula, or consumption. "That," he will tell you "has nothing to do with the case." He wants to be well. If he can be cured, write out a prescription and send in your bill! So, here's the first part of the proposition.

"Golden Medical Discovery" will cure 98 per cent. of all consumptive cases, also of all other lingering bronchial, throat and lung diseases.
